Subject: Service Drop Authorization for Electric, SD 13-18, Prentiss Township, Penobscot County

Dear Mr. Tetreau:

We have reviewed the information you provided in your request for electric service to your campsite and, based on that information, have determined that you meet the requirements for receiving a Service Drop Authorization. You need only provide a copy of this letter to the Utility Company as authorization for installation of electric service to your campsite which is located in Prentiss Township.

This Service Drop Authorization does not allow installation of electric or telephone service to a campsite containing permanent structures other than fireplaces, picnic tables, picnic table with shelters, lean-tos, tent platforms, and/or an outhouse. In addition, a "Campsite" does not include a camping location that has access to a pressurized water system or permanent structures other than those listed above. **A campsite may be designed to contain a maximum of 4 camping sites for transient occupancy** by 12 or fewer people per site, or numbers of sites and occupancy rates consistent with a landowner's recreational policy filed with the commission. A camping location that has permanent structures other than those listed above is considered a "Residential campsite" and would require a permit. **Transient Occupancy is further defined as "Occupancy that does not exceed 120 consecutive days"** 12 M.R.S.A. §682(18). For the purposes of the application of the Commission's rules regarding campsites, the Commission considers occupancy to mean the length of time the tent, trailer, camper, recreational vehicle, or similar device used for camping is located on the site. If the camper trailer is located on the site greater than 120 consecutive days, it would be considered a permanent structure and would require a permit.

Please note, the availability of electric service to a camper trailer potentially allows for an increased level of water use and sewage disposal. The Maine State Plumbing Code Subsurface Wastewater Disposal Rules require that when the water supply is upgraded from hand pumped or hand carried to electrically pumped, the sewage disposal system must also be upgraded to handle the increased water usage. If you do anticipate a change in water supply, in most cases, a new sewage disposal system will be required. Before a new system could be installed, a permit from this agency and the Division of Health Engineering may be necessary.

If you have any further questions please feel free to contact me by phone at (207) 731-4398 or by email at debra.kaczowski@maine.gov.

Sincerely,

Debra A. Kaczowski
Permitting and Compliance Division

- Name of Applicant(s): Richard Tetreau
Mailing Address: 653 GORE ROAD
ALFRED, ME 04002
Telephone Number: 207-324-6668 207-651-0562 cell.
- Location of Activity (Twp/Plt): Prentiss TWP County: Penobscot
Street/Road: PARK Street (RT-170) Name of Waterbody: N/A
- Type of Service Sought: ☒ Electric ☐ Telephone ☐ Both
- Type of Structure to be served: ☐ Permanent Home ☐ Seasonal Camp ☐ Year Round Camp ☐ Operating Farm
☒ Camper Trailer ☐ Other (specify):
- When was the structure built or placed on the lot? N/A. If built after 1971, who was the owner(s)/lessor(s) at that time?
- Name of Utility Company(s) that will provide service: Eastern Maine Electric Coop.
- Length of service line(s) from nearest pole: Approx. 500 feet.
How will the service line(s) be installed? ☒ Overhead ☐ underground
- Will the service line(s) cross over or under any standing or flowing waterbody? ☐ Yes ☒ No
If YES, what is the name of the waterbody?
- Has a prior Letter of Exemption, Advisory Ruling, or Commission Permit been issued for your lot or structure? ☐ Yes ☒ No
If YES, what is the application number(s)?
- Required Exhibits: Exhibit A, a location map and Exhibit B, a site plan. Please refer to the instructions.

Complete questions #11 to #13 ONLY if you propose to connect electric power to your structure.

- How is water supplied to your structure? ☐ Hand Carried ☐ Hand Pumped ☐ Gravity Feed
☐ Generator Pumped ☒ Other (specify): Carry-in How long has this method been used?
- How is wastewater and sewage disposed of on your lot? ☐ Combined System ☐ Pit Privy and Sink Drain
☒ Other (specify): Call of the Wild Dumping Station
- Do you plan to install pressurized water or additional plumbing fixtures? ☐ Yes ☒ No
If YES, specify:

Applicant's Statement

I have examined this application, including the accompanying exhibits, and to the best of my knowledge and belief, it is true, accurate, and complete. I understand and acknowledge that I am responsible for compliance with all limitations of any Service Drop issued to me by the Maine Land Use Regulation Commission.

X Printed Name(s): Richard Tetreau
X Signature(s): [Signature] Date: 11-27-13

Approval: Based upon the information supplied by the applicant(s), the staff have determined that the applicant(s) meets the requirements for receiving a Service Drop. This Service Drop authorizes an individual service drop to your structure only. You may need a separate roadside easement for the actual transmission line extension to your lot. The Utility Company may need a separate LURC Utility Line Permit. This Service Drop does not authorize the construction of any new structures or the installation or alteration of any plumbing, water supply, or sewage disposal systems on the property.
